Mrs. Maria Washburn, of Goshen,
celebrated her ninetieth birthday annu-
versary Monday.Ira W. Clark, who some years ago
served as state's attorney of Addison
county, died at an asylum in Nashua,
N. H., Thursday night.The buildings of the Riverside Con-
densed Milk Co., of Bristol, have been
sold at auction to M. J. Hannon for
\$1,300. The house brought \$475 and
the factory \$225. Mr. Hannon also
owns the creamery building on the op-
posite side of the river and the water
power connected therewith.The engineers of the Rutland railroad
are not satisfied with their present pay
and have held a meeting to talk over the
matter. They claim that the wages paid
by the Rutland railroad are only 75 per
cent. of those paid by other railroads.
It is rumored that the trainmen and
other branches of the railroad employes
are also dissatisfied.The Carter State company, of Wells
has filed articles of association and man-
ufacturing business in this state. The
company is capitalized at \$50,000 and the
subscribers are Maurice A. Carter and
Ellis Williams, of Granville, N. Y.,
Clark M. Patten, of Danby, William F.
McDevitt, of South Doud, Patrick Mc-
Cormack, of Middle Granville, N. Y.Three petitions in bankruptcy were
filed at Burlington Tuesday as follows:
Philip Y. Plant of St. Johnsbury, a
laborer, who has liabilities of \$362.30
and assets of \$100, claimed exempt;
George Beaudry of St. Albans, a loco-
motive fireman, who has liabilities of
\$714.44 and assets of \$100, claimed ex-
empt; and Herbert W. Bogle of Brat-
tlesboro, a laborer, who has liabilities of
\$1,224.70 and assets of \$2,270, of which
\$120 is claimed exempt.The Burlington public was given an
opportunity Tuesday to examine at
Stannard memorial hall, the drawings for
the proposed soldiers' and sailors' monu-
ment submitted by May & Gordon
of Barre. No definite selection has
yet been made. The Woman's Relief
corps has for years been collecting a
fund for the monument and take down
at their disposal \$2,500. It is proposed
to erect the monument next spring in
either Battery or City Hall Park.Frank S. Porter, of Greenfield, Mass.,
was in Brattleboro Saturday looking
over tracts of land upon which to estab-
lish a 1,000-acre sheep ranch in the vi-
cinity of Brattleboro. Mr. Porter is pre-
sident of the New England Farm Stock
Co. of Greenfield, which owns sheep
ranches in Greenfield and Leyden, Mass.,
and Chester and Ludlow. He has just
returned from a trip abroad and brought
from the British Isles several hundred
thoroughbred sheep. With the sheep
came several herders and sheep dogs
from Scotland, and sheep will be cared
for by natives of their own land.The authorities of Fairfield have under
investigation an unusual case of theft
and every effort is being made to de-
termine the culprit, who stole a barrel
of cider from Peter Finnegan. Mr. Fin-
negan had been to St. Rocks and ob-
tained two 48-gallon barrels of cider at
the mill there. Returning he hitched his
team in front of the "brick store" and
left it for a short time. In his ab-
sence someone replaced one of the barrels
of cider with an empty barrel, care-
fully covering the barrels up again as
Mr. Finnegan had left them. The owner
returned, mounted his wagon and drove
to James Finnegan's to deposit one of
the barrels of cider. His dismay may be
imagined when he lifted the blankets
and discovered the empty barrel.

FRENCH SHIPYARD BURNED.

Warship Building Saved With Dif-
ficulty.
Toulon, France, Nov. 22.—The main
portions of the dockyards of the Societe
des Forges et Chantiers, were destroyed
by fire today. The foreign warships in
course of construction were saved with
difficulty. The loss will amount to sev-
eral million francs.

Milk Before Feeding Silage.

Milk absorbs bad odors very read-
ily. Consequently as soon as it is
drawn remove it once from the silage
and take to the milk house. Al-
ways milk in a place free from ob-
jectionable odors. This is especially im-
portant when silage is being fed. Do
not milk while the fresh silage is in
the mangers. Milk before feeding—

Cause of Pea Blight.

For many years peas have suffered
more or less severely from a fungous
disease, which usually manifests itself
most plainly as a spotting of the
leaves and pods and for this reason
has been known as leaf spot or pod
spot of the pea. The Ohio experiment
station appears to have determined
that the blight is chiefly due to seed
infection.

THE LINEN PRESS.

No good housekeeper neglects the
linen press, and the care of it is one of
the most important of housewifely du-
ties.The best form of a linen press is a
narrow one from front to back, so that
when opened all the contents are ex-
posed to view, with no second row of
things hidden away behind.It is a serious mistake to keep linen
constantly in a hot air cupboard, for
though it is thus always aired and
ready for use, yet it will become dis-
colored and the edges turn brown if so
kept.Stores which are not in current use
may be wrapped in cloths and placed
on the upper shelves of the press. The
German "hausfrau" keeps broad em-
broided bands, which she slips
around her spare sets of linen.

RECENT INVENTIONS.

An engineer of Frankfurt, Germany,
has invented an automatic postage
stamp selling machine which not only
sells the stamps, but sticks them on the
letters. The machine possesses the
additional advantage of being impos-
sible to rob.An invention of Frau Antoinette
Arntzen's and one exhibited at the re-
cent musical exposition in Berlin con-
sists of a method of increasing the re-
sistance of the voice by inserting a
film under the roof of the mouth, mak-
ing a sort of sounding board. The ap-
paratus is intended for the use of or-
ators, singers, sea captains, etc., as well
as for officers.

"A dangerous surgical operation, in-
volving the removal of a malignant ul-
cer as large as my hand from my daugh-

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her

Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea
that by scouring the scalp, which re-
moves the dandruff scales, she is curing
the dandruff. She may wash her scalp
every day, and yet have dandruff her
life long, accompanied by falling hair.
The only way in the world to cure
dandruff is to kill the dandruff germ
and there is no hair preparation that will
do that but Newbro's Herpicide. Herpicide
by killing the dandruff germ, leaves
the hair free to grow as healthy.
Nature intended. Destroy the cause
and remove the effect. Kill the dan-
druff germ with Herpicide. Sold by
leading druggists. Send 10c in stamps
for sample to The Herpicide Co., De-
troit, Mich.

BONTS CREDITORS IN COURT.

Deny Having Charged Extortionate

Rates.

Paris, Nov. 22.—The hearing of the
case of the creditors of Count Boni de
Castellane was resumed yesterday before
the Tribunal of First Instance. Maître
Jacquelin, for M. Zeigler, one of the
largest creditors, denied that his client
was a usurer. Counsel asserted that it
had been the practice of the Castellane
since their marriage, to appeal to him
to extricate them from financial dif-
ficulties. Counsel for the other creditors
will be heard today.

WOODLAND AND FARM FOR SALE.

This place is located only 3-4 miles from Wash-

ington, on the road from Washington to

Chelton. The whole property consists of 300

acres, nearly all of which is woodland,

about 200 acres of which is pasture.

Buildings are in very comfortable con-

dition and consist of a 2-story house and several

barns with basements. Fruit orchard runs the

entire length of the farm. This place would

make an ideal summer home for someone, or

would make a good farm if anyone wanted to

use it for that purpose. Prices
